The Pass 14 Years Ago

(From the Frank Paper 1900)

Oct. 29—From dispatches recently
contained an item to the effect that
Ralph Connor (the Rev. C. W. Gordon),
the popular Canadian author, had been
arrested at Buffalo, N. Y., on a charge
of passing forged checks. The Rev.
Gordon declares the arrest to be an out-
rage and the outcome will probably prove
such to be the case. Mr. Gordon has
many acquaintances and friends in this
section. He is the donor of a gift of
\$500 towards the proposed new church
for Coleman and the owner of one of his
best works of fiction is laid in the files
just to the east of Frank. The

people of this section, who enjoy the
writer's acquaintance, will be glad to be
informed that he has done anything to warrant
the charge made against him.

Meers, Hinton, Connelly and Burns
drove up to Hinton's ranch on Poverty
Flat last Friday evening and spent
Saturday fishing in the North Fork. Lots
of fish could be seen in the river, but
very few were caught, as they would not
bite. Game was scarce also, only a few
ducks being seen.

The work of getting out line rock for
the sugar factory at Laymond is finished
for this season.

T. E. Simpson, of the Cranbrook Her-
ald, is preparing to branch out, and with
A. S. Bennett will start the publication of
the Lethbridge Herald at Lethbridge
about the end of this month.

November 2—O. G. Harris, who has
taught the Blairmore school for some
time, has completed his term of office
and departed for the east to complete his
college course. He is succeeded by Sid-
ney A. Lane, of Peterboro.

The Honorable Harry J. Matheson
visited The Press on Monday, accompa-
nied by Frank Oliver.

Liverman James Ashdown had two
ducks smashed up on Monday evening in
a runaway accident. One of the rigs was
driven by D. C. Drain, who was thrown
from the buggy and had his back severely
sprained.

October 10, 1900—C. P. Hill gave an
at-home at his Hillcrest residence on
Thursday.

A movement has been started at Pin-
cher Creek to incorporate that place,
which will materialize before long.

The Blairmore hotel was the scene of a
merry gathering on Friday evening, the
occasion being the second dance of the
season.

A shipment of 208 head of fat cattle
was made by the Walcott Ranch Co.
from Pincher Station yesterday. This
shipment went to Glasgow. The train
consisted of fifteen cars.

Overseer Deeks has been engaged the
last few days grading the road to Frank.
He thinks it would be a good idea if
Frank would spend a little money on this
road.

The Frank electric light company is
that town will soon have light.

The contract for building the railroad
from the Hill mine at Hillcrest to a con-
nection with the C. P. R. at the east side
of the slide has been let, and the plans
for the connection have been approved
by the C. P. R. Work will start im-
mediately.

Another old timer left Frank Thursday
evening, when Jim Turnbull took his
departure for Butte, Montana. Jim was
one of the timers of the first days of the
camp and leaves behind him many
friends, who will always have a warm
spot in their hearts for him. Dave
Kemp accompanied Mr. Turnbull, and
Dave's family will follow him later.

The first snow of the season fell on Sat-
urday and Sunday last, and the ground
was covered about an inch deep.

R. Stevens, proprietor of the Imperial
hotel at Frank, will immediately start
his erection of a commodious hotel at
Pincher. It is reported that a
number of business blocks will go up at
Pincher and that a great future lies
ahead of the new town. The new hotel
will be five to six stories high, and
will be somewhat after the plan of
the Imperial.

The Rev. R. A. Robinson will hold
special services at Coleman on Sunday in
honor of Trafalgar Day.

The new public school building at
Coleman was formally opened on Mon-
day. Dedication ceremonies were held
in the afternoon, at which many of
the parents of school children were present,
and at which appropriate addresses were
made by Alex. Cameron, president of the
school board, and Revs. Murray, Robinson
and McKendree.

Alex. Goyette is to be the winning
office for Frank in the coming election.
His appointment has been recommended
by the Liberal association of the riding.

Mr. Matheson, formerly editor of the
Frank Sentinel, and who has edited the
Raymond Chronicle for the past three
years, is reported to have received an
appointment to a position in the govern-
ment offices at Edmonton.

One man had the gall to turn out with
a sleigh yesterday, thinking it was winter.
He wasn't mobbed.

A baby girl came Sunday to gladden
the home of Mr. and Mrs. Walter Wrigley.

It is said the C. P. R. is equipping the
passenger cars on the Crow line for the
use of natural gas for lighting.

Duncan Marshall, of Edmonton, pro-
vincial organizer of the Liberal party,
will address meetings at Blairmore, Cole-
man, Lyle, and Bellevue this week.

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and nervousness. My friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness were a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."

Mrs. J. S. ROSS, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by backache, inflammation, ulceration, irregularities, backache, headache, nervousness or "the blues," should at once try Dr. Ross's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

Co-operation in Politics Predicted

The following article is an interesting prediction as to the solution of the political situation by an independent, but close student of political matters.

"The result of the Ontario election held recently have aroused Dominion-wide interest. Much conjecture prevails as to the ultimate outcome of the groups of parties elected, which will necessitate a re-alignment politically before a stable Government can be formed."

"The success of the Farmers' party, whereby they secured the largest group numerically, at once puts that party in a leading position and entails upon its members important responsibilities of government. There should be no valid reason why that party should not call to its aid support from other groups, and organize a Government to carry on the affairs of the Province. There is no great gain for instance in the views of the average Farmer member for a mixed rural and small town constituency, and the Liberal member for a similarly comprised riding. The Provincial Legislature is a magnificent council, and a stable Government from extreme or faddist members, sufficient unity to carry on the able progressive Government should not be difficult to secure."

One feature, however, that may tend to prevent going together on the part of the Liberal and Farmer members was the attitude assumed during the contest by Hartley Dewar, K.C., the Liberal leader. There was no justification for his attacks on the Farmer candidates. They had every right to run. They practically and in principle represented Liberal and democratic viewpoints, and the results at the polls indicated that the people upheld their entrance into the political field. In these circumstances it was folly to divide the Liberal groups and to create division as between them."

Following the Ontario results, and of more particular interest in the West, is the result of the Federal by-election in Assiniboia constituency, where Hon. W. R. Motherwell was overwhelmingly defeated by O. R. Gould, the Grain Growers' candidate.

These contests should serve as a warning to those sincerely in favor of a policy of reform and fair taxation, low tariff and progressive government, of the lack of wisdom displayed in dividing the forces of those who are united in main principles,

In Assiniboia, Mr. Gould has for years been an active supporter of the same principles and policies as those contended for and upheld by Mr. Motherwell. During the past ten years Mr. Gould supported and actively campaigned in behalf of the Provincial Government of Saskatchewan, of which Mr. Motherwell was a member. In 1911, Mr. Gould was an ardent supporter of Reciprocity, of which, also, Mr. Motherwell was a foremost exponent. For these reasons alone Mr. Motherwell's action in opposing him was not justified, but even had Mr. Gould been previously a Conservative, and had changed his views to conform to Liberal sentiments, the defeated candidate would still have been wrong in contesting the seat in view of the strong public sentiment which existed favoring the Grain Growers' policy and political movement.

The strength and showing of the United Farmers' movement in the East came as a surprise to all. In the Prairie Provinces the party is now thoroughly organized, and has had greater experience in political affairs, and bids fair to make every bit as great, if not a greater, showing than the East. In these circumstances, therefore, what folly it is to divide the forces in the West largely because a very small minority of old-time Liberals will not, for purely political reasons, co-operate with the really Liberal Grain Growers' party. There are small groups of these old-time partisans in the East and West, who, largely for personal reasons, and principally because they cannot control and direct the new forces, refuse to co-operate. The rank and file Liberals, farmers or otherwise, should not tolerate this dictation or allow candidates to be foisted upon them because of these few malcontents.

The overwhelming majority of Liberals and Farmers in the West see eye to eye on main principles. Their forces should not be divided. Co-operation and harmony in political action is plain common sense if results are to be achieved. The Prairie Province Provincial Governments and the great majority of the members of the Legislatures realize the facts and heartily approve of united action. They realize that in three-cornered contests the reactionary forces may win out, since division of Liberal support ensures domination by the interests of Privilege.

The platform and aims advocated by the farmers are essentially Liberal. The majority of the better class and intelligent farmers of Canada are Liberal in their views. At present the farmers', or Grain Growers', wing of Liberalism is in the ascendant, and should receive the undivided support of sane Liberals. Since that element of Liberalism is in the majority, they have the right to assume a certain measure of control and leadership. But they are fair and reasonable and desire co-operation and support. There should, therefore, be no division, and the personal views of the few Liberal reactionaries should be disregarded. Adherence to a common-sense course of united action in the selection of well qualified candidates would ensure triumph for progressive principles at the next Federal general election.

Civilians Buying Aeroplanes

In the last few months more than 500 persons in the United States have either purchased or ordered airplanes and were the manufacturers able to deliver planes more than 500 more orders would be booked. "Henry Woodhouse, vice-president of the Aerial League of America, says that it is unfortunate for the aeronautic movement that the makers cannot fill their orders. He gives it as his belief that more than 2,000 machines for pleasure could be sold immediately."

In 1917 the estimated capital invested in Canada in the fisheries amounted to \$28,729,000, of which \$10,098,000 were invested in boats and vessels. There were 95,304 persons employed in the fishing industry.

On Sale Everywhere—There are country merchants who do not keep Dr. Thomas' Electric Oil though they are far between and these may suggest that some oil is just as good. There is nothing so good as a liniment or as an internal medicine in certain cases. Take no other. The demand for it shows that it is the only popular oil.

Oysters are such nervous creatures that a sudden shock, such as a loud thunderclap, will kill many hundreds of them.

Soothes Irritable Throat Quickly Cures Bronchitis

No Drugs to Take. No Sickening Stomach Medicine to Use

Just Breathe "Catarrhazone"

Count ten—a bad cold is relieved by Catarrhazone—wait one minute and you will feel its soothing influence on a sore irritated throat. No failure with "Catarrhazone"—it cures because you can breathe a healing vapor to the very spot that needs help.

The big thing to remember about Catarrhazone is this—you just breathe a healing vapor that is full of the purest balsams that is rich in the greatest healing agents known to science.

This wonderful vapor dispels all soreness, kills all germs, gives nature a chance to complete a real cure. Colds and throat troubles can't last if the pure healing vapor of Catarrhazone is breathed. Catarrh will disappear, bronchial attacks will cease, coughs and winterills will become a thing of the past. Complete outfit lasts two months, price \$1.00; smaller size 50c; sample size 25c, all dealers, or The Catarrhazone Co., Kingston, Ont., Canada.

Sharp Practices

New Way of Selling Old Furniture in Paris

Second-hand furniture dealers in Paris have thought of a profitable scheme to sell their stocks to great advantage. A flat is rented in the aristocratic quarter of the city and filled with the finer pieces of furniture. An advertisement is inserted in the dailies that an elderly woman, widowed by the war, will sacrifice her furniture in order to get enough money to return to the country of her birth.

A buyer visits the flat, the woman shows a bookcase, the price is agreed upon, but when the doors are opened a row of old school books is disclosed. The widow bursts into tears and explains that the books belonged to her son who left his studies to take up arms and was killed two months after he had left home. The prospective buyer consoles her, and to help her forget her grief pays her double the price asked.

Bombers Lost On Way To Egypt

Seven Handley Page Machines Are Disabled on New Air Route

In the British House of Commons Right Hon. J. B. Seely, under secretary of state for air, declared, regarding the recent allegations that there had been a serious number of fatalities on the new air route to Egypt, that in the spring and early summer there had been an urgent demand from Egypt for airplanes of large size and endurance to cope with the critical situation there.

Owing to this urgency machines had been sent by air instead of by sea. Fifty-one Handley-Page airplanes were sent, of which 26 arrived safely. Seven were at various points on the route disabled, and fifteen had been given up as wrecked. One machine had crashed down badly and four lives were lost. There were three other bad accidents involving four fatal and three non-fatal injuries. At the request of the chief of the air staff, a special outside commission has been appointed to enquire into the matter.

The minister emphasized the fact that the choosing of this route had not meant the loss of civil aviation, and again urged that at the time the situation in Egypt had been critical.

Getting Posted

Lord Noconne—"I say, old dear, what is the usual procedure in catching an American heiress?"

Reggie—"It's very simple, old chap. You tell the girl how much you love her, and her father how much you owe."—Boston Transcript.

GUARD THE CHILDREN FROM AUTUMN COLDS

The Fall is the most severe season for colds—croup, whooping cough, the sweetest and cold, and unless the mother is on her guard the little ones are seized with colds that may hang on all winter. Baby's Own Tablets are mother's best friend in preventing or banishing colds. They act as a gentle laxative, keeping the bowels and stomach free and sweet. An occasional dose will prevent colds, or if it does come on suddenly by the prompt use of the Tablets will quickly relieve it. The Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Building Activity Continues

Number of Buildings Being Erected Keeping the Trade Busy

Building activity continues very brisk in the cities of Western Canada. Scarcely a day passes without the announcement of some new permits being granted. These are mostly for residences, warehouses and office buildings. Although there are no very large undertakings, the number of small buildings being erected is keeping the trade busy. In Regina the estimated cost of these two buildings is about \$90,000. In Winnipeg on the same day permits aggregating the same value were issued. As already mentioned, these enterprises are not very large, but the regularity with which similar work has been undertaken throughout the year has tended to keep the trade active.

A Gloomy Outlook

"I suppose now your husband will be home sooner of nights." "I don't know. This allowing prescriptions of liquor for illness will make him want to sit up with sick friends more than ever."

"When you investigate a gruesome tale you will usually find that it grew some since it started."

Miller's Worm Powders attack worms in the stomach and intestines at once, and no worm can come in contact with them and live. They also correct the unhealthy conditions in the digestive organs that invite and encourage worms, setting up reactions that are most beneficial to the growth of the child. They have attacked the power in hundreds of cases and at all times are thoroughly trustworthy.

The Eskimos living within the limits of Canada number 3,296, of whom 1,087 live in Baffin Land, the large Arctic island north of Hudson Bay, and separated from Greenland by Baffin Bay. On the mainland there are 2,209, principally in the territory adjacent to Hudson Bay.

Minard's Liniment Cures Diphtheria.

Shipments of Lumber From B.C. More than 12,000,000 feet of lumber for the British order of 70,500,000 feet of British Columbia lumber is now en route to England. The representative of the British Government hopes to have 40,000,000 feet on the way over by the end of the year.

International Hay And Grain Exhibit

Saskatchewan Farmers to Try for Honors at the Chicago Show

Visitors to the International Hay and Grain Exhibition to be held at Chicago in connection with the International Stock Show, November 29 to December 6, will have an opportunity of seeing some of the fine grain and other crops that are produced in Saskatchewan. The farmers in this province are arranging to send samples of wheat, oats, barley, rye and various grasses and vegetables. At the International Soil Products Exposition at Kansas City, Mo., this year Saskatchewan farmers won the sweepstakes both for wheat and oats, as well as many first and other prizes. They feel confident that they will be able to repeat these triumphs at Chicago next month.

No man would want his wife to act as do some women to whom he makes eyes.

Revive the Jaded Condition.—When energy flags and the cares of business become tiresome, when the whole system is out of sorts and there is general depression, try Parmentier's Vegetable Pills. They will regulate the action of a deranged stomach and a disordered liver, and make you feel like a new man. No one need suffer a day from indigestion when so simple and effective a pill can be got at any drug store.

The man who has money to burn seldom uses any to enlighten the world.

Minard's Liniment Cures Colds, &c.

A New Code

First Barber—That was a bad cut you gave that old man while shaving him.

Second Barber—Oh, there's a reason for it. I'm cutting his mind, and that cut will let her know that I can meet her this evening.—Dallas News.

WILSON WAGON HARNESS IS SOLD FROM THE ATLANTIC TO THE PACIFIC. FOR THE LAST TIME ITS SALE HAS CONTINUOUSLY INCREASED. MAKE IT YOUR NEXT PURCHASE.

M. J. WILSON & SONS

302 WELLINGTON ST. OTTAWA, CANADA.

AUTUMN

HERE is a nip in the air these mornings that must be rather sharp to the man who scrapes his chin when shaving himself.

If he used a Gillette Safety Razor, he would positively enjoy shaving every morning, he would look his best at all times, and there would be no cutting or chafing of the skin.

Furthermore, in the time he now takes to get his old razor edge as near right as he can, he could finish shaving with the Gillette.

Stropping and Honing would be a thing of the past for him. That alone is worth \$5,—the price of a

Gillette Safety Razor

Any dealer who is anxious to supply men's needs will gladly show you a variety of Gillette sets. See him today, if possible.

"There's a Reason"

Importation of Liquor Until Proclamation of Peace

Ottawa, Nov. 11.—Inquiries received at the capital indicate that there is still some confusion in the public mind, as to the effect of prohibition legislation passed in the closing days of the session. This is doubtless due to the fact that the effect made by the government to introduce a bill extending war time prohibition for a period of 12 months after the war was not proceeded with on account of the opposition experienced at the government caucus called especially to consider the matter. It will be recalled that at the regular session of parliament last winter legislation on these lines was passed by the commons and rejected by the senate.

There is nothing in the legislation passed by parliament yesterday pertaining to the war time prohibition order-in-council. When these come to be effective, on the formal declaration of peace, the legislation passed yesterday will come into effect.

The legislation is in the nature of enabling legislation for local option in areas enlarged to provinces. The plebiscite will be taken by the Dominion government at the request of a provincial legislature, and if a bare majority of the people vote aye, the Dominion government will have a proclamation forbidding importation of liquor into the provinces. The provisions of the bill, in other words, do not become effective in any province until the legislature of the province makes the necessary move to have a plebiscite taken.

The bill to amend the Doherty Act adopted yesterday also provides that liquor shall not be manufactured for beverage purposes, contrary to laws of the province. It may be contrasted to be manufactured for export, however.

Nomination of officers will take place at the next meetings of the I. O. O. F., Encampment and Rebekahs.

Just as two freshmen were in the middle of a large field, one of the

The New Motor Car

The Greatest Improvement In Riding Comfort Since the Introduction of Pneumatic Tires

HERE is a brand new type of car, built in Canada by Canadians, for Canadians. It solves the problem which has baffled automotive engineers—how to combine riding comfort with light weight and economy.

Our new Three-Point Cantilever Springs make this possible.

These are the first springs of their kind and they are made of chrome vanadium steel. They are exclusive with Overland.

Because of these springs, Overland 4 combines the riding qualities of large, heavy, expensive, long wheelbase cars, together with the advantages and economy of small, light cars.

With 100-inch wheelbase, Overland 4 has the luxurious riding ease of 130-inch Springbase.

The exclusive, Three-Point Cantilever Springs cushion the car so that it rides well on all roads; they reduce choppy rebounds and side swaying, protect the car from road shocks and

prolong its life, minimize twisting or racking of frame and body, enable the car to hold the road better.

The car and passengers ride smoothly as though floating, free from road shocks.

But this new riding comfort, possible only with these Three-Point Cantilever Springs, is but one of the advantages of Overland 4.

Its light weight makes possible great economy of gasoline and tires.

High quality materials insure durability. All vital parts of the front axle and steering gear and all highly stressed driving gears and shafts are made of alloy steel.

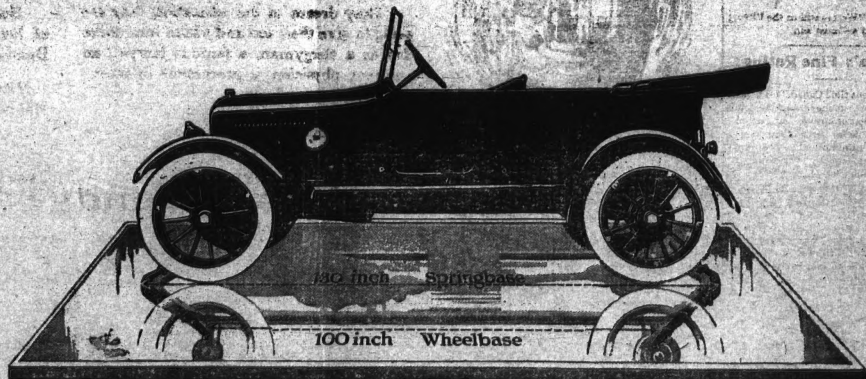

The equipment list of Overland 4 is like that of expensive cars: Auto-Lite Starting and Lighting System, Electric Horn—Specially Resilient Upholstery Springs—Remountable Rims—Three Speed Transmission—Slanting Rain Vision Windshield—Tillotson Carburetor, and many other high quality conveniences.

In every respect Overland 4 is a quality car. The body is all steel, all enamel, the brightest, hardest, most lasting finish.

Overland 4 has been tested for two years and more than 250,000 miles over the Rocky Mountains, prairies, through deep mud and scorching deserts—through quick, sharp climatic changes. As a result of these tests we were able to judge the car's performance under every condition and to perfect it before offering it to the public.

There is no previous car of any size or price to adequately compare with the character of service Overland 4 introduces.

The farther you ride in it the more you will appreciate it. Come in and get a Booklet. The demand for Overland 4 will be greater than the supply for some time. Overland 4 Touring, \$1195; Roadster, \$1195; Coupe, \$1245; Sedan, \$1395. Prices f.o.b. Toronto, War Tax included.

The Blairmore Hardware Company
Blairmore, Alberta

turned and saw an angry bull ed, and just managed to clear the to find an opening.

With a yell of warning, he bolted, nimble, ran wildly round the hedge escaping,

Then, as he passed his anxious "Tell me please my insurance policy is in the bottom drawer. This is my last time around."

The Roll of Drums
And The Bugle Call

"We could not have won the war if the women had not backed us up," said a Canadian soldier—a general—a few days ago.

It is the same sentiment that the great generals of the British and of the French armies have expressed. There is no justification about giving women credit for their share in the Victory.

The same Canadian general, now back in civil life, is one of those taking an active part in the Victory Loan Campaign. Like many other returned men, he is not content to rest on his overseas laurels. Home again, still imbued with that fine patriotic fervor which took him to France, he has now turned his energies towards making the Victory Loan this year a greater achievement than ever. Listen, then, to what he says of women's share in the Victory Loan.

"Without women's assistance we could not put this thing over."

Aren't Canadian women called to arms? We did not fail the men when they fought. We helped win that Victory which shall ring down through the centuries as one of the greatest glories in history. And as the officer referred to, said "We are still in the Victory business."

Yes, we are still very much in the business. Everything Canadian men and women undertake will be crowned with Victory, if the fine co-operation brought into being during the war, continues.

Could Canadian women any more than Canadian men bear to see the tidings carried across the world that Canada failed in meeting her obligations, failed to keep faith with the men who fought for us overseas?

There can be no such tidings if women bring into their part of making this Victory Loan a success the same spirit of enthusiastic loyalty and determination which marked their war work.

There will be no such tidings.

Women of Canada, women and girls, know that what this Canadian who served in France said, is true: "Without women's assistance we could not put this thing over." And the women will change that sentence to:

"With women's co-operation we have put this thing over."

It is the great mass of small investors who will make this year's Victory Loan a success, just as it was with the Loans of the past two years—your hundred dollar bond or your fifty dollar bond (if you are conscientiously that in your limits) and similar bonds of the thousands and thousands of loyal Canadians from Coast to Coast, and from the Arctic to the southern boundary line.

The battle is ahead of us. We have heard the call to arms.

Canada asks women to lend her their money.

The bugle sounds for the roll call of those who have at heart their country's honor.

Remember "We are still in the Victory business" and we must win.

Canada's Fine Rating

At the present time Canada's rating on the New York money market stands higher than that of any foreign nation; and it is possible for her to obtain funds on that market on more favorable terms than any other country. The reason for this, as any financier will vouch, is Canada's increased production and the prosperity she has enjoyed by the sale of her surplus products at favorable prices in Great Britain and Europe. This vast system of marketing was effected through credits for which Victory Loan subscriptions provide the working capital. If for instance the public should turn an indifferent ear to the Victory Bond salesmen now at work, our prosperity and credit would be impaired, our production would dwindle, and everyone would feel the menace of poverty. There is good reason to hope that Canadians are awake to their responsibility and opportunity.

The attention to Canada's high rating on Wall St. brings up another phase of the Loan question. While Canada can borrow abroad on more favorable terms than any other nation, it is not desirable that she should do so; for that would take large sums out of the country in annual interest payments. It would help build up the prosperity of the United States at our expense. It is much more expedient that Canadians should themselves be the lenders, and that the interest should stay in the pockets of her own people. If it is profitable for Wall St. to loan money to Canada it is equally profitable for Canadians to loan money to Canada.

Card of Appreciation

Frank Sanatorium,
Frank, Alta.
Nov. 10 1919.

Editor Blairmore Enterprise.

Blairmore, Alta.

Dear sir—

Being about to change my position here for a similar one at Sunnyvale Hospital, Calgary, I wish you would thank the people of the Crown's Nest Pass, through the medium of your valuable paper, for all the kindnesses shown to the patients of this institution and myself during my term of office. I assure you I have appreciated all that the people have done and I hope they will continue to show some little favours to the sick soldiers in the Sanatorium.

Thanking you personally for your courteous and congenial treatment.

I am, yours very sincerely,

C. H. Kerr
A. D. R.

Can you beat this: A Blairmore lady left Dutil's store on Tuesday with a pane of glass under her arm. When she reached home she had a pain in the stomach.

Farmers. Must Wake Up

During the early stages of the present Victory Loan campaign (it seemed) that few days of the drive farmers' objections came in very rapidly.

Anyone would be loath to believe that the farmers who of all classes of the community are most directly interested in a heavy over-subscription to the present loan, are apathetic. More than one third of proceeds of the last loan was spent directly in the purchase of Canadian wheat and other foodstuffs, and re-sold to Great Britain and Allied countries on credit. That is to say \$207,750,000 of the money subscribed a year ago went into the pockets of the farmer; and without these heavy purchases the farmer would have been obliged to dispose of his surplus product at a probable loss. The amounts that will be spent during the coming year in loaning credits to overseas purchasers of Canada's agricultural products is wholly contingent on the extent of the over-subscription to this year's Loan. Therefore if any farmer is desirous of seeing the present overseas market for his products maintained he will help pile up the total of Bond subscriptions.

Make Your Dreams Come True

Fond parents dream of a bright future
for their children.

They dream of the literary and musical
education they are going to give their
daughter, and of the high position she will
take in her sphere of womanhood.

They dream of the education they are
going to give their son and vision him some
day as a clergyman, a famous lawyer, an
eminent physician, a prominent financier,
or a captain of industry.

But to make these dreams come true

—or even partly true—requires foresight,
planning and money.

To provide the money what plan so
wise as to buy Victory Bonds for each child?

Thousands of parents bought Victory
Bonds for their children in 1917 and 1918.

Surely you will be among the thousands
of loving parents who will buy Victory
Bonds for their children—this year?

Victory Bonds may be bought on instal-
ments at such easy terms that every parent
who so wishes may buy.

Buy Victory Bonds For Your Children

Issued by Canada's Victory Loan Committee
in co-operation with the Minister of Finance
of the Dominion of Canada.

Drastic Regulations To Conserve Fuel

Chicago.—New restrictions on the use of soft coal are announced. In some localities orders were more drastic than during the war, but the general situation showed little change.

While production in West Virginia and Colorado were reported increased, there was no noticeable change in the ranks of the 425,000 striking miners.

Sixty-six trains were annulled by the Chicago and Northwestern and the Chicago, Milwaukee and St. Paul railroads.

Indiana's public service commission took the most drastic action in the domestic fields. It decreed lightless streets, discontinuance of electric signs, coal gas for heating and other advisable restrictions of service by public utilities, with less than a two weeks' supply of coal.

With calls for assistance from communities suffering from a coal shortage growing more numerous, the railroad administration turned loose every available car to meet the appeals made for fuel.

Orders went to regional directors of the nation's railroads, from Director-General Hines, to eliminate train service where absolutely necessary in the public interest, but it was officially announced that, no general curtailment of service was contemplated.

Russian Government Must Change

Alles Will Continue Economic Pressure Till Democratic Government Is Formed

London.—The present measures of economic pressure on Russia will continue until a democratic government is established in Russia which can be recognized by the allies, according to a statement made in the House of Commons by Under Secretary for Foreign Affairs Harcourt.

Germans Deported at Libau

Troops Were Supported by Light and Heavy Artillery and Armored Train

Copenhagen.—German troops, presumably belonging to Col. Avaloff-Bernard's forces, supported by heavy and light artillery and an armored train, attacked Libau, but were driven off by Lithuanian troops, who were supported by British artillery, according to a dispatch received by the Lithuanian press bureau.

In the afternoon a German airplane dropped proclamations on the city. After a prolonged bombardment by the enemy, artillery, a new violent offensive was launched in the evening. It was repulsed by the Lithuanians.

Wounded British soldiers, in blankets aboard the British hospital ship Princess Margaret, were landed at Copenhagen from Riga, the Lithuanian reports. They are from the British cruiser Devonshire, which was hit by a German shell, killing nine and wounding four men.

U.S. Thanksgiving Day

Washington.—President Wilson has set aside Thursday, November 27, as Thanksgiving Day, in a proclamation, which said the country looked forward "with confidence to the dawn of an era where the sacrifice of the nations will find recompense in a world at peace."

Labor Decides on Hours of Work

Washington.—After nearly five hours of constant fighting, the international labor conference adopted the 48-hour week, convention of the organizing committee as a "basis for discussion." But as to exactly what that means the delegates are not agreed. Does adoption of the motion confine discussion to the application of the 48-hour week, or will amendments be admitted for a maximum of eight-hour day and the 48-hour week? That is the question all sides are asking.

The vote came on a motion presented by Mr. Barnes, British government delegate, that "the conference prepared by the organizing committee be adopted by the conference as the basis for discussion."

Restoration of Ruined France

Plenty of Work for Every Idle Man in Europe During the Next Eight Years

Berlin.—Work for all the unemployed in Germany for the next eight years will be provided in restoring the ruined ruins of Northern France, says Vorwaerts. This opinion is based upon the report of the German mining commission sent to France recently to ascertain the extent of the damage and which has just made its findings.

"The task," says the newspaper, "is so great that it is sufficient to furnish work for every idle man in Europe and for everyone else engaged in superfluous labor."

"The reports show the fallacy of the theory that migration of ten million to fifteen million persons from Germany is an economic necessity."

Amend Temperance Act

Saskatchewan Minister Informs Grain Growers That Act Will Be Changed

Saskatoon.—Criticism levelled at the government with respect to the alleged laxity in the operation of the Saskatchewan Temperance Act drew forth a pledge from Hon. George Langley, minister of municipal affairs, that the government would introduce legislation to enforce or amend the Act at the coming session of the provincial legislature, at the concluding meeting of Districts 6 and 16 of the Saskatchewan Grain Growers' Association.

Riots at Sale of Army Goods

Ten Thousand People Storm U. S. Army: One Woman Dead

Buffalo, N.Y.—One woman is dead, a score were injured, and a score of others faint as the result of a riot when a crowd of ten thousand stormed the doors of the Sixty-fifth Regiment's armory here. The crowd had gathered for the opening of a sale of United States army goods.

The dead woman is Mrs. Emma Baumeister, 65 years of age, who fainted in the rush and died in an ambulance on its way to a hospital. The injured were jammed up against the rough stone surface of the armory and many were badly cut.

Operations on Coast of Alhucemas Madrid.—Operations by land and sea for the subjugation of the rebels on the coast of Alhucemas, Spanish Morocco, are being planned by the government. The captain-general of Morocco arrived in Madrid to confer with officials over the contemplated attack.

100 Gallons of Liquor Seized Winnipeg.—Fifteen boxes containing 100 gallons of liquor, valued at \$2,800, consigned to Brown Brothers, Winnipeg, were seized at the Union Station. Officials said the seizure was in line with the campaign launched a month ago against the "bootleggers' trust."

Ham Prices Drop

Quebec.—A sudden slump of eight cents in the price of cured and uncured ham agreeably surprised Quebec housewives. This sudden decline is due to the order from the government. Bacon also has suffered a decline of about 6 to 8 cents per pound.

French Defeat Turks

London.—Turkish forces have been defeated by French troops in Angora (in Asiatic Turkey, 200 miles east of Constantinople), according to a Constantinople dispatch. The Turks delivered a heavy attack, but were repulsed, after several hours' fighting. The French hospital train also was reported to have been attacked by Turks near Mastapha Kemal.

50 Schooners for Dominion Govt. Victoria.—It is reported here that the Dominion Government plans to place contracts for fifty wooden schooners with British Columbia shipyards. According to the report, 25 of the ships will be constructed at this port and the other half will be turned out by yards on the mainland.

Peace Treaty Effective November 28 Paris.—The treaty of Versailles and the peace settlement with Germany will become effective, it is asserted in well informed circles, on November 28.

The signature of the protocol and the exchange of ratifications between Germany and such allies powers as have then ratified the treaty will take place on that date, it is reported.

Judgment Reserved On Pork Prices

Decision of Board of Commerce on Packers' Protest Will Be Announced Shortly

Ottawa.—The decision of the Board of Commerce as to whether the price prevailing on March 10 for pork products will apply at the present time or not will be made in writing shortly. After hearing representations from the packers, who are seeking to have the board rescind its order fixing prices at the March level, Commissioners Robson, O'Connor and Murdoch reserved judgment. Commissioner Murdoch stated to J. McLean, representing the Harris Abattoir company, his firm conviction that the packers and not the farmers fixed the price of livestock. This contention Mr. McLean disputed.

Imperials to Pass Through Canada

Veterans of Winnipeg Are Planning Reception for Them

Winnipeg.—In a day or two, three thousand British soldiers will be passing through the West on their way home from Siberia. They will arrive at the coast on the Montague. As this is the largest party to come across Canada, Winnipeg returned soldiers and their auxiliaries are going to meet them with song and cheer as a mark of appreciation of the worth of the imperial army to the Empire.

Fuel Is Held Up

Coal Shipments From U. S. to Be Allowed Firms on Priority List

Toronto.—Although coal consigned to Canada has been held up at the border, H. A. Harrington, Ontario fuel administrator, had been advised that shipments will be permitted to come forward for industries on the priority list, which are in immediate need.

Mr. Harrington has received the following message from Washington in this connection: "The United States Railroad administration has seized all coal on wheels, which has been sidetracked pending distribution under priority schedule. The director of purchases of the United States railroad administration will have charge of the distribution. It is essential that you get absolute proof that the preferred industries are in immediate need of coal upon receipt of which information the administration will take up the advisability of immediate release to preferred industries, according to priority list."

Sentenced to Death Winnipeg.—Fred Strickel, of Sturtevant, charged with the murder of his employer, John Kohut, by poisoning, last February, was found guilty by a jury at the assize court here and sentenced by Judge Galt to be hanged at the provincial jail on January 20, 1920.

Premier Supports Viscountess Astor Plymouth.—Lady Astor has received the personal endorsement of Premier Lloyd George in her candidacy for a seat in the House of Commons from the Plymouth district. The Premier, it was announced, has sent her a letter of encouragement and a promise of his hearty support.

French Defeat Turks London.—Turkish forces have been defeated by French troops in Angora (in Asiatic Turkey, 200 miles east of Constantinople), according to a Constantinople dispatch. The Turks delivered a heavy attack, but were repulsed, after several hours' fighting. The French hospital train also was reported to have been attacked by Turks near Mastapha Kemal.

50 Schooners for Dominion Govt. Victoria.—It is reported here that the Dominion Government plans to place contracts for fifty wooden schooners with British Columbia shipyards. According to the report, 25 of the ships will be constructed at this port and the other half will be turned out by yards on the mainland.

Peace Treaty Effective November 28 Paris.—The treaty of Versailles and the peace settlement with Germany will become effective, it is asserted in well informed circles, on November 28.

The signature of the protocol and the exchange of ratifications between Germany and such allies powers as have then ratified the treaty will take place on that date, it is reported.

Metal Workers Of Berlin Strike

Minister of Economy Refuses to Intervene in View of Strike Order Being Issued

Berlin.—The metal workers proclaimed a general strike. The minister of economy had intended to offer mediation between the men and the employers, but he has announced that he will not intervene in view of the order to strike.

The strike is nearly general, although three thousand workers of the Siemens-Halske plant refused to join their jobs. The strike is said to have been called in violation of rules in the metal workers' union, which requires a two-thirds majority of the workers on a vote to decree a general strike.

Says Car Situation Is Bad

Prof. W. J. Elliott Also Denounces Conditions at Calgary Stockyards

Calgary.—Describing the car situation in the province as "awful," Professor W. J. Elliott, of the U.G.C. dealt strongly with the situation at the U.F.A. secretaries convention. He also denounced the conditions at the stockyard here, stating that the yards were entirely too inadequate to handle the present business.

Discussion of the business and condition of the U.G.C. also occupied some time. Further criticism of the condition of the organization was heard, and it was stated that the financial condition of the company was none too good, and that were the company to close down now it would show a loss of a quarter of a million. Officials of the organization claimed, however, that this did not represent the true condition of the company. The opinion was strongly expressed during the session that the company should trade on the basis of a wholesale concern.

It was stated that the entire wheat crop of Alberta was about five million bushels, and officials said that the company could handle every bushel that did not go back into the ground or was fed to stock.

No Coal For Foreign Ships

Order Is Issued By U. S. Railroad Administration Committee to Conserve Fuel

Washington.—Instituting the first general curtailment in coal transportation as a conservative measure, the railroad administration central coal committee ordered discontinued the bunkering of foreign owned vessels in American ports.

United States owned ships and vessels flying the American flag will continue to receive fuel supplies as usual for the time being, it was said, all other vessels would be compelled to wait the end of the bituminous coal.

New York.—There are 210 ships in the port of New York affected by the order of the railroad administration central coal committee regarding discontinuance of foreign tonnage bunkering. Many of these, however, are British vessels, which it is believed, will be able to proceed to Halifax for coal.

Objects to Prohibition

New Jersey Governor-Elect Declares That People Voted Against Measure

Jersey City.—Governor-elect Edward J. Edwards has announced that he would use all lawful methods to prevent prohibition in New Jersey. For its enforcement by the federal government, I shall not be responsible, he said. "I construe my election as an indication of the feelings of the people of this state concerning national prohibition. They are unqualifiedly opposed to it. Holding their mandate, I shall use all the lawful methods to preserve inviolate the sovereignty of the people."

Distress on Lower St. Lawrence, Quebec.—Reports of distress have been received here from points in the lower St. Lawrence, on the north and south shores, especially on the Gaspe coast and at Esquimaux point. Merchants have large shipments of supplies, which they cannot send out, as there are no yessels available. An application has been made to the government to have the steamer Montcalm make several trips to the lower St. Lawrence to deliver supplies to the people before the close of navigation.

Prince Drives Own Train Montreal.—At Flavell, twenty miles west of Trenton, the Prince of Wales headed the locomotive of the Canadian Pacific railway train and personally drove the train into Trenton.

Over A Thousand Huns To Be Tried

Revolution in Printing

New Inventions May Do Away With Type Composition

New York.—Perfection of a process which will take the place of printing and engraving was predicted as a direct result of labor difficulties in the publishing business here, by Roger W. Allen, former president of the New York business publishers' association, who predicted that new machinery would soon do away with all type composition.

Inventors have been busy on new devices and combining the use of old ones, said Mr. Allen. The magazines will not take the uninitiated particularly different from issues formerly produced, he added.

Gale Sweeps Superior

Vessel Is Severely Damaged By Heavy Storm

Sault Ste. Marie, Mich.—A stiff northeast gale sweeping Lake Superior severely battered the steamer North Star, which came down the river, covered with snow and ice. The North Star, a Great Lakes Transit Company vessel, is the first ship this season to appear here with marks of such a storm. Her starboard rail was stove in and the had lost almost her entire deckload of shingles.

No other reports of vessels caught in the storm have been received here.

Million Bushels of Potatoes Frozen Winnipeg.—According to official figures made public by the department of agriculture, about one million bushels of potatoes have been frozen in the ground, meaning a loss of about a million dollars. This is a material reduction from the figure given out a few days ago, but the estimated yield this year was only five million bushels, or two million less than last year.

Last Dependents to Leave England

London.—Eight ships between them will carry 2,000 Canadian dependents this month, which will about complete this class of traveller. The first two parties to be conducted to Canada will be domestic servant emigrants, each numbering about a hundred. They will leave during the month.

Crime Conditions in Chicago Chicago.—In addressing the Chicago association of commerce, Edwin W. Sims, president of the Chicago crime commission and former United States district attorney, declared that Chicago, with its population of 5,000,000, has more murders in a year than England.

Dublin.—Ernest Blythe, member of the Sinn Fein parliament, who was arrested during a raid on Sinn Fein headquarters September 22, and later was sentenced to one year in prison, was released from prison after having been for five days on a hunger strike. Blythe was taken to a hospital.

British-Chilian Treaty Washington.—Great Britain and Chile have ratified the arbitration treaty, negotiated some months ago, the state department has announced. The treaty is to continue in force for five years, and automatically extends itself until a year after notice of intended termination by either government.

Enemy Delegates' Passage Arranged Washington.—The German and Austrian delegates to the International Labor conference here having failed to obtain passage to America, the supreme council at Paris has agreed to endeavor to arrange bookings, according to a cablegram received by the conference.

Government Rejects Offer of Miners

Plan Merging Agencies

Dominion Employment Bureau May Supplant All Others

Vancouver, B.C.—The World says: "A move is on foot to place all governmental employment agencies throughout Canada under the supervision of the department of civil re-establishment. This would mean that the Dominion employment bureau now operated here would be operated from the S.C.R. offices under the direction of the unit commander in British Columbia, and to complete the scheme as it has been mooted the provincial authorities would be asked to come into line and transfer their employment services with the soldiers' organization."

Many a man seems dead to the world when he is buried in thought.

Brussels.—Copies of the legal evidence upon which the surrender of 1,200 Germans to stand trial for offences committed in Belgium during the German occupation will be demanded, have now been forwarded to the peace conference at Paris. The indictments are principally based upon the executions of the Belgian civilians at Louvain and other towns, upon the executions of Belgian workmen, upon the forced labor exacted from prisoners of war, upon the treatment of young men who attempted to cross the frontier to join the Belgian armies, and upon instances of pillage.

First Meeting of Peace League

Date Has Not Yet Been Fixed For Gathering

Paris.—The first meeting of the council of the League of Nations will be held in Paris, the supreme council has decided. It did not, however, fix a date for the gathering. It was agreed that the council of the world body should consider at the meeting only matters which must be passed upon immediately after the formal ratification of the German peace treaty.

The supreme council discussed its own uncompleted work preparatory to deciding upon exactly what questions must be passed upon before the peace conference ends.

Kaiser is Well Punished

King George Gives Missionary His Views of ex-Emperor of Germany

London.—King George gave his view of the former German emperor in the course of an audience with a missionary from Armenia, Archbishop Forster.

When the missionary told the story of his captivity of four years, saying that the troubles had all been instigated by the Germans, the King replied: "Well, they are punished now. The Kaiser has had to run away from his own country. He is well punished for all he did."

Rounding Up the Bolsheviks

London.—A headquarters bulletin from Gen. Denikin, received here by wireless, claims that "Cossack troops captured 35,000 Bolsheviks between October 17 and 27. The troops of Gen. Denikin's volunteer army in the meantime took 20,000 more. The communistic assets that entire divisions of Bolshevik troops are being put out of action daily."

Victory Loan Popular in U.S.

Toronto.—United States citizens have a keen appreciation of the value of the Victory Bonds. Subscriptions from the other side of the border up to a few days ago, totalled \$2,281,350, two millions more than was collected last year in the entire campaign.

Enemy Delegates' Passage Arranged

Washington.—The German and Austrian delegates to the International Labor conference here having failed to obtain passage to America, the supreme council at Paris has agreed to endeavor to arrange bookings, according to a cablegram received by the conference.

E. PICK, "The Bottle King"

The Alberta Hotel, Blairmore, Alberta

Of Local and General Interest

Rev. A. W. Lewis, of Macleod, visited Blairmore on Wednesday.

P. Burns & Co. are shipping cattle across to France and Belgium.

Darn it—and we didn't know until today that Tuesday last was our national fish day.

Coleman Oddfellows will hold a grand masquerade ball on the night of New Year's Eve. Watch for further announcements.

The ladies auxiliary of St. Anne's church will hold a whist drive in the Masonic hall on Friday night of next week.

Word has reached Blairmore of the death of Thomas Craban, an old timer of Michel, said to have occurred at Seattle.

While the pastor of a Calgary church was endeavoring to show the light of heaven to a congregation of hardened souls, the janitor of the same church was successfully making the moon-shine.

Any retailer who neglects his customer is committing business suicide. The customer wants those who serve him or her to use the newspaper as a vehicle for their announcements of goods or service.

Eighteen of the shagwags tendered in payment of tickets for the citizens' ball at which the Prince of Wales was present, were returned the following day from the banks marked "N. S. P." Terrible thing, is it not?

The marriage of Henry Zak to Miss Mary Vysobid took place at Frank on Monday morning last. The ceremony was performed by the Rev. W. T. Young in the presence of a large number of friends of the contracting parties. The young couple will take up residence at Hillcrest.

Mah Moon says that Doc Lilli is gone down to Spokane to attend a meeting of mischief shriners.

Remember the Sergt. McRaye lecture at the opera house on Monday night next. Several good pictures will also be screened.

O. E. F. Hiscocks, who recently returned from overseas, was up from Fincher Creek to visit some of his old friends on Wednesday.

See the big sale bills just issued by the Blairmore Trading Co., attention to which is drawn by an advertisement elsewhere in this issue.

Dad Beach's prize turkey laid a real egg this morning. As soon as the storm abated, that egg will be transferred from Dad's ranch to Kose's hatching nest.

Capt. (Miss) Fox, who has been in charge of the Salvation Army work in the Pass for the past year, has been transferred to Glenora, and left for her new post this week.

The town was brightened with the old time music of James Brunson on Wednesday. Jim has been away from the Pass for about six years and looks that many years younger.

The veterans' dance held at the opera house on Tuesday night was well attended, and a goodly sum was realized for the purpose of cheering soldier widows and orphans at Christmas time.

In connection with the McRaye lecture to be given under lyceum auspices at the opera house on Monday night, several excellent reels of pictures have been secured. Admission for picture show and lecture will be 50 and 25 cents for those not holding lyceum season tickets.

Sergeant McRaye's Lecture

The citizens of Blair were afforded an opportunity of a rarely profitable and enjoyable evening when on Monday night Sergeant McRaye, under a sponsorship of the G. W. V. A., gave his lecture "Canada and the Empire" in the Assembly Room of the Public Library.

As a public speaker Sgt. McRaye ranks among the best. His manner is pleasing and sympathetic and the enunciation distinct. The information given was also presented in a valuable. Ascribing the greatness of the Great British Commonwealth of Nations to (1) the nature of British institutions, the spirit of democracy dominating them and (2) the British navy which is for defence rather than offence, he gave a historical sketch of the growth of the Empire, covering the marvelous achievements of Britain during the great war. "I have reviewed conditions in Canada and emphasizing the essential need of the hour, viz. that men should be more in earnest in fulfilling their duties than seeking their rights, he concluded a lecture which attracted an audience to thought and high desire for the common good.

We hope that during the coming winter we may have a number of ever-hopeful youths. It would be beneficial to all and young and be a sound influence in times of serious unrest.

Quiet Retreat

An enthusiastic young minister who followed one of the old type in a sleepy village, was thumping the rostrum a good deal, and disturbed a spider which had found peaceful refuge in one of the cranberries for many a day.

Wandering up the aisle homeless it was met by another spider, and the tale of woe was imparted.

"I can't stand this new minister thumping and jumping about. I have lived in the pulpit for many years, but I can't stay there any longer."

Said the second spider, actuated by a fine spirit of charity: "Come along with me. I haven't been disturbed for fifty years. My home is in the collection box at the door."
